PROFESSIONAL SUMMARY

Full-stack web developer with hands-on experience building and managing websites for US-based clients. Skilled in Wix, Go High Level website builds, responsive design, and modern frontend/backend stacks. Familiar with WordPress and confident in quickly getting up to speed on it given my experience with similar CMS platforms. Proven track record delivering web projects remotely — including automation, CRM integrations, and conversion-optimized funnels.

TECHNICAL SKILLS

CMS & Website Builders: Wix, Go High Level (website builder), WordPress (foundational experience)

Frontend: HTML, CSS, JavaScript, React, Responsive Design, Figma, UI/UX, GSAP, AOS

Backend: Node.js, Express.js, MongoDB, RESTful APIs, OAuth, JWT, Nodemailer

Automation & Marketing: Go High Level, Zoho CRM, Mailchimp, Wix, funnel building, lead automation

DevOps & Tools: Git, GitHub, Netlify, Vercel, Render, Slack, Trello, Microsoft Teams, Google Workspace

EXPERIENCE

Web Developer & Technical Specialist | *Utah REIA* | Remote (US) | Oct 2025 – Present

- Built and managed the organization's website targeting a US real estate audience, ensuring performance, SEO, and responsiveness.
- Developed and maintained web properties using Wix and Go High Level, including page design, content updates, and platform configuration.
- Designed and deployed automated marketing funnels using Go High Level, integrating lead capture, email sequences, and CRM workflows.
- Built and optimized landing pages and conversion-focused web experiences for US-based real estate investors.
- Managed technical operations including domain configuration, hosting, and third-party integrations.

Virtual Assistant (Web & Operations) | *Elevate Cote d'Ivoire* | Remote | Oct 2025 – Present

- Managed web and digital operations for a remote-first organization.
- Maintained website content, coordinated scheduling, and supported digital communication workflows.
- Created and optimized web-based forms and documentation to support organizational operations.

Full-Stack Developer | *Innovatech* | Yenagoa, Nigeria | Jan 2023

- Developed responsive full-stack web applications using Node.js, Express, and MongoDB.
 - Designed user interfaces with Figma and implemented them in HTML, CSS, and JavaScript.
 - Integrated backend APIs with frontend frameworks for real-time dynamic content.
 - Implemented OAuth2 authentication, secure contact forms, and deployed projects to Netlify and Render.
-
